

Thank you for sponsoring Break The Silence – Step in My Shoes virtual walk to help break the silence surrounding domestic violence.

With your continued support Yellow Brick House provides life-saving services and prevention programs to empower women and children to begin healing from trauma and rebuilding their lives.

Last year we provided services to over 5,800 women and children, but our work is not done. In Canada, a woman is killed every 2.5 days as a result of violence. Since the start of the pandemic there has been an increase of 30% in domestic violence and a 53% in femicide.

Thanks to our sponsors, participants and donors we surpassed our goal raising \$77,589 that will provide shelter to women and children. Because when a woman calls to get a shelter bed, we cannot leave her behind.

At Yellow Brick House, women and children have a safe place to sleep, to begin healing from the trauma, and rebuilding their lives free from violence because of your support.

We would like to thank all of our sponsors and our friends and supporters for helping us save lives – together we can make a difference.
